Screenshots of the running app. Friends, doc and progress numbers are sample data.

Sign in with Google. Unlocked only gets access to docs you pick.

 **Unlocked**

Connect a Google Doc, set a goal, and write. Your friends watch the bar fill up. Hit the goal and everyone gets pinged that you're ready to play.

- Unlocked can only open docs you pick, never your whole Drive.
- Friends see numbers only, never your text.
- Only words you add this session count, and deleting takes them back off.
